As we posted on our website Thursday, June 7, 2018, our beloved colleague and friend, Dr. Brandey Ackerman, was struck by a car while riding her bicycle and died at the scene.

Dr. Ackerman joined MPA approximately 4 years ago. Her energy, intelligence, and smiling face were a continual source of inspiration to everyone she worked with and to her patients. Besides being a general pediatrician in an outpatient community clinic, she was a strong supporter of breast feeding and pediatric nutrition.

Dr. Ackerman leaves behind 3 beautiful children, Peyton (8), Hudson (5), and Ellison (18 months) and her husband of 16 years, Chris. In addition, she viewed each of her patients, their families, and her coworkers as extended family.

As you might imagine, her family at MPA is continuing to grieve with the loss of our friend and colleague. Nevertheless, we have already begun to reach out to Dr. Ackerman's patients and those expectant parents who have signed up to be her patients. We at Midland Pediatric Associates remain committed to caring for all of Dr. Ackerman's current patients as well as those who have signed up for her to be their pediatrician for their newborns. We have already reached out to many of you and will continue to do so as quickly as possible. We want to make certain that Dr. Ackerman's patients continue to have the care she would have intended. Dr. Ackerman's colleague from Lubbock, Dr. Coby Robins, has recently joined our practice. MPA continues to have an open practice and is accepting new patients.

We will all, patients, families, colleagues, and friends, work through the grieving process together. If you have any questions at all concerning continuity of care or any other questions, please feel free to call our regular office number, 432-620-8687, during office hours.

Condolences to the Ackerman family can be made at www.ellisfunerals.com. Her family asks that should you wish to make a contribution in remembrance of Dr. Ackerman, donations be made to: Midland Children's Rehabilitation Center, www.midlandchildrens.org, or Centers for Children and Families, www.centerstx.org.
